## Thank you for the many comments!

NET members are reviewing the results and the comments to develop a plan for Year One by mid September.

Here are a few comments shared by our parishioners.

"A friend who had fallen away from the church visited Holy Family and is now attending Mass in their hometown. A positive and engaging experience is sometimes all one needs to return. Thank you for being welcoming and engaging this person. This is what evangelization is all about."

"I am aware of the various ministries, but it would be good to promote on parish website and also include an informational sheet in donation envelope mailing."

"I have a very difficult time sharing my faith..."

"We need more practical ways to share the Good News."
